

MEDIA LAB

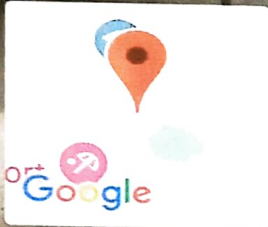

JaganNath University foresaw that an audio visual media room will be the necessity for digital transformation of Educational Institutes. To enhance the use of technology in the teaching learning process, the University decided to set up a contemporary Media lab that would engage in the production of high quality lectures. It has a capacity to record and stream a lecture. The fully air conditioned, Wi-Fi enabled studio comprises of camcorder, tripod equipped with a cutting edge audio recording and processing facility. This lab is more like a bridge between the conventional teaching and digital teaching.
