

Department of Engineering & Technology

Circular

Date: 10th Feb 18

This is to inform that Department of Engineering & Technology is going to organize a **Workshop on “Cement Proportioning by Ambuja Cement” in association with Ambuja Cement** on 15th February 2018 at Seminar Hall, A- Block Chaksu Campus at 02:00PM.

All faculty members of the department are requested to encourage all students to attend the event without fail. The Brochure is enclosed for your reference.

A Report of Workshop on

“Cement Proportioning by Ambuja Cement”

(15th February 2018)

Department of Civil Engineering organized a one day workshop on Cement proportioning in cooperation with Ambuja cement for students held on 15th February 2018. Theory sessions were held in the forenoon and hands on practice were conducted in the afternoon session.

Workshop Timing: 9 AM to 5 PM

Purpose of the workshop

Purpose of the workshop is to equip students with the updated knowledge of ongoing mix design practices in construction fields, civil department has organized a one day workshop on Concrete Mix Design.

Participants of the workshop

54 participants have attended the workshop out of 84 registrations and get benefitted in terms of knowledge on the said topic.

Key note Speaker: Er. Amit Mathur, Manager Technical Support, Ambuja Cement

Workshop Contents

Workshop on Cement Proportioning by Ambuja Cement

In our country the cement industry underwent a number of reforms mainly to suit the demands of construction industries. This leads to the production of high quality cement. Concrete with higher strength is always in demand. The mechanical strength of concrete depends on proportioning of its ingredient materials; cement, sand, aggregate, water and admixtures. These all are dependent on the proportioning of cement. The following topics were covered in the workshop:

- Importance of cement proportioning
- Role in mix design
