Dear Sir, It has reference to the trailing mail sent by Mr. Naresh Sharma, IT Manager, of Jagan Nath University, Jaipur as per which it was requested to rectify the error in the bill issued Bf Bandwidth of internet connection which has been in operation since, 2010.

The bill issued by your organization makes a mention of internet circuit 1 MBPS, whereas the agreement and the actual availability is of 1 GBPS internet connectivity. We are the signed and stamped by your official.

Since we have to submit this document for verification to NAAC authorities, you are requested to convey your concurrence to the decision reflected on the bill (copy enclosed),

An early response to the above will be highly appreciated.

Thanks

Respected sir,

I (Naresh Sharma) am from jaganNath University, Chaksu Jaipur. We have 01 GB Internet pipe connection through NMEICT Project as per following details : Legacy Circuit ID : 1429/00001/45/1429 Lease circuit ID : 1000132580, Customer ID : 7000159869 Billing Account No. :7000160496

Further I want to state that 01 MBPS in place of 01 GBPS has been shown in our Bill, which is printed by mistake. For the above said matter I hereby attached supporting documents

In view of the above you are requested kindly to correct in your records and provide us a Correct Bill.
