ACTIVITY REPORT

Theme:	**Training on Mathematical Tools**
Venue:	Conference Room, Main Campus, Jagannath University, Jaipur
Date & Time:	07 Sept 2015
Resource Person :	Mr. Amit Goswami
Organizers:	Faculty of Science
No. of Participants:	9
Participant Profile:	Staff of Faculty of Allied Sciences
Objective:	• to reveal prospective physics teachers' characterization of the relationship between mathematics and physics" • to analyze their abilities to model physical phenomena
Session Summary: :	The relationship between mathematics and physical science goes back to over four centuries and the student teachers' perception of the characteristics of the relationship between Mathematics, Physics, and their abilities to model Physics. Physics has to utilize mathematics, the fruitful language of the nature, to explain the natural phenomena. It can be said that the experimental approach has an essential role to form the effective links between these components. As a outcome of discussion, it can be said that model and modeling process should be tackled as an object and model teaching should not content with model as a tool.

ACTIVITY REPORT

Topic	**Foresight; Cost, Culture, Climate, Creativity**
Date of Activity	October 02, 2015
Details of Participants	5 Faculties
Resource Person(s)	Ar. Satya Prakash
Organizing Dept./ Support System	Faculty of Architecture & Planning, Jagannath University, Jaipur
Objective	The conduction of this seminar is to introduce the four C's in Architecture and the influence of cost culture creativity and climate on design.
Description	Various techniques and processes were introduced to balance these four C's in a design also the factors were discussed in detail by which these four aspects simultaneously can change the design.
Glimpses	**List of Faculties** 1. Ar. Janesh Sharma 2. Ar. N.K. Khare 3. Ar.Viresh Jhalani 4. Ar. Mohan Taori 5. Ar. Abhinav Chaturvedi

ACTIVITY REPORT

Topic	Architectural Design Perspective
Date of Activity	October 02, 2015
Details of Participants	10 Faculties
Resource Person(s)	Ar. Yatin Pandya
Organizing Dept./ Support System	Faculty of Architecture & Planning, Jagannath University, Jaipur
Objective	To orient the student to study of Architecture as a design discipline and profession.
Description	Ar. Yatin Pandya also explained about observation studies of works of art and architecture. Two and three dimensional compositions to achieve objectives of visual Design, through principles of visual design.

ACTIVITY REPORT

Theme:	**Stochastic Process and Modeling**
Venue:	Conference Room, Main campus
Date:	9 Jan 2016
Resource Person :	Mr. Pramod Kumar
Organizers:	Department of Physical Science
No. of Participants:	8
Participant Profile:	Staff of Faculty of Allied Science
Objectives:	• introduce the notion of process-based models and a formalism for their representation • introduce methods for inducing process-based models from knowledge and data by selecting appropriate model structures and parameters
Session Summary: :	The method represents a unified approach to modeling dynamical systems that allows for flexible formalization of the space of candidate model structures, deterministic and stochastic interpretation of model dynamics, and automated induction of model structure and parameters from data. The method is able to reconstruct models of dynamical systems from synthetic and real data.

Brief Introduction of the Speaker:

The speaker for the session was ,Prof. (Dr.) Anil Mehta , Professor, Faculty of Business Administration, University of Rajasthan, Jaipur. Dr. Mehta is a renowned academician who has delivered lectures at leading Universities of the country and abroad.

Speaker Credentials :

Prof. (Dr.) Anil Mehta has been serving as a Professor , Faculty of Business Administration , University of Rajasthan, Jaipur. He has travelled across the country and abroad and has mentored several thesis in the area of business administration. He has delivered many acclaimed lectures at leading institutions of India.

Brief Proceedings of the FDP :

The FDP was organized by IQAC at Sitapura Campus between 10:30 am to 3:30 pm .The sessions were open to all academicians and research scholars. . The sessions witnessed over 100 participants.

The first day of the FDP initiated the audience to the concept of Mentoring. Dr. Mehta introduced the concept of academic mentor which extends beyond the traditional tutor. He told the audience that a mentor crafts instruction informed by a rich understanding of cognitive process and attuned to a student's individual character. The aim is to nurture self-directed learning so that the mentee internalizes academic skills and, equipped with a customized mental tool kit, evolves into her own guide.

The second , third and fourth day of the FDP introduced the audience to mentoring strategies including planning for differentiated learning with consideration of student contexts, mentors' modelling and articulation of planning, and allowing the mentee to experience planning.

He told the audience that Mentoring has been critical element of the learning process. It is part and parcel of the learning process which involves acquiring new or modifying existing knowledge, skills, values and behaviors. Mentoring is then the process of learning from others who may have gone through experiences that we are going through right now. He concluded his session with a quote of Jack Welch who said , "Great ideas come from getting all brains in the game". Dr. Mehta said that this is the key to #mentoring. A final assessment was carried out for the audience. The registered participants was provided with certificate of participation. A feedback form was also circulated amongst the audience to assess view about the FDP. The participants ranked the FDP as " Excellent" .

A Report on 7th Faculty Development Programme

One day 7th Faculty Development Programme was organized by Faculty of Management and Faculty of Law, Jagannath University on 22nd Jan 2016 at Sitapura Campus. The theme for the FDP was **"Developing World Class Teaching Competencies: A New Perspective"**.

In inaugural session the guest, the dignitaries and participants were welcomed. Welcome address was given by Mr. Tanmay Pattanayak, Registrar who also encouraged and gave his best wishes to all the participants. 34 participants from different universities and institutes and 13 internal participants attended the programme.

The first session of the programme was based on **Quality Assurance through Six Sigma Approach** which was delivered by Ms. Shilpi Mookim, Senior Manager, Genpact (Black Belt – Quality). Ms. Shilpi Mookim, in her technical session covered the importance and use of Six Sigma Approach in Education System. She emphasized on the small methods used in Six Sigma Approach and involved participants in exercises helping to understand the same.
Vote of thanks for the session was delivered by Dr. Kapil Khatter, Dean FOM.

The second session started with the warm welcome of Prof. M. S. Verma, (Retd. Professor, DU) by Mr. Tanmay Patnayak, Registrar, Jagannath University. Prof. Verma discussed about Education System and quality, the relevance of quality by giving a brief overview of it. He discussed about the nuances of Quality standards followed by world class universities. He very nicely involved participants on analyzing whether Indian education system is ready to adopt these quality standards.
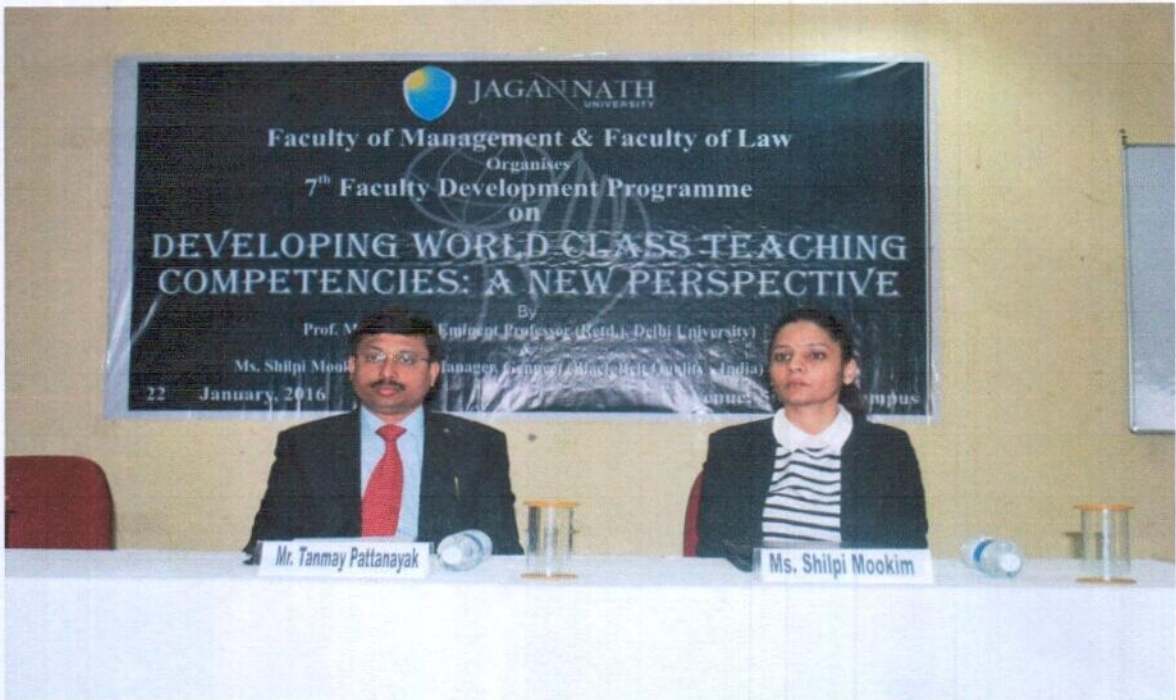

These technical sessions were followed by Valedictory address by Dr. Shilpi Khandelwal and Vote of Thanks for the program delivered by Dr. Vaishali Sharma, HoD, FOM.

The programme was highly appreciated by the participants with the hope to organize more such programmes involving their participation.

Developing World Class Teaching Competencies: A New Perspective

On

January 15-16, 2016

Programme Schedule

15th January 2016 (Friday)

Time	
9:00-9:30am	: Registration
9:30-10:00am	: Inauguration
10:00-10:30am	: Tea Break
10:30-1:30pm	: Session-I
1:30-2:30pm	: Lunch Break
2:30- 3:30pm	: Session-II
3.30-3.45pm	: Tea

16th January 2016 (Saturday)

Time	
09:30-09:45am	: Welcome of the Guest
09:45-11:30am	: Session-I
11:30-11:45am	: Tea Break
11.45-2:00pm	: Session-II
2:00-3:00pm	: Lunch Break
3:00-3:30	: Valedictory

Registration Process

Total 30 Seats are available. Please mail your registration form on fdp.jnu@gmail.com latest by 10th January 2016.

Registration Fees :

Academicians	:	Rs. 1000
Corporate Personnel	:	Rs. 1000
Research Scholar	:	Rs. 800

It includes Registration Kit, Tea & Lunch and Participation Certificate.

Venue :
Sitapura Campus, Gate No. 1 (JNIT)

Resource Persons

Prof. M S Verma

- He has been associated with DU for last 42 years as Professor Management.
- He has been a distinguished faculty at MDI, Gurgaon.
- He was the Chief Instructor for management programmes at IGNOU for more than 19 years.
- He has a vast experience of leading academic teams, structuring new programs and courses and building institutions of learning and overseeing many business management programs at diverse national as well as International Universities.
- He has been a member of different professional societies.
- He has reviewed and authored many books and research papers.

Ms. Shilpi Mookim

- She is a Senior Manager at Genpact (Black Belt Quality - India).
- She is Lean Certified Green Belt Trained & Tested and Subject Matter Expert FP & A.
- She is a Chartered Accountant.
- She is a valued leader in managing and delivering change programs, and building and developing high performing cross-functional teams
- Her most recent roles have spanned multiple initiatives across divisions and stakeholders, as well as funds on Registral Management.

Jagan Nath University, Jaipur

The Society

Jagannath University Jaipur has been promoted by Jagannath Gupta Memorial Educational Society, a nonprofit registered organization. The society has been imparting high quality professional education in Delhi, NCR and Jaipur.

The University

Jagannath University was established in the year 2008 and incorporated under the act number 19 of 2008 of the Rajasthan State Legislature and empowered under section 2 (f) of UGC Act 1956 to award degrees, diplomas and certificates.

The university is situated at NH-12, Chaksu bypass, Tonk road, Jaipur which is in proximity to the Airport and Industrial area having a vast campus spread over 40 acres of land with all modern educational facilities in its ambience. The University also has its own 10.5 acres of campus at Sitapura, Jaipur.

Faculty of Management

The Faculty of Management aims at nurturing highly motivated prospective business icons and entrepreneurs to meet the growing needs of society for training personal to lead and operate industries in today's business. The program prepares the students with the skills, knowledge and strategic perspectives essential to the leadership of business around the world.

Faculty of law

The objective of the Faculty of Law is to produce professionals of Law through imparting quality legal education, making them capable of achieving positions of leadership in law, business, government, education, and public service. Most importantly, Faculty of Law is dedicated to producing social Engineers.

| Jagan Nath University, Jaipur

Theme

"Developing World Class Teaching Competencies: A New Perspective"

Sub Themes

A) **Establishment of Quality Framework in Educaion**

B) **Quality Assurance in Education Through Six Sigma Approach**

Objectives of FDP

- The objective of this program is to encourage teachers to continuously seek to improve their ability and to guide along their desired career paths.
- To provide a platform for discussing new developments, and integrating ideas and experiences for better understanding of one's role.
- To lay the foundation for change and at the same time to maintain the best qualities of the present in the field of higher education
- To learn valuable quality based strategies to enhance performance.

Program Coverage

Inputs will be provided under the mentioned sub-themes

- Instructional strategies and methodologies
- Practical oriented approach along with group activities
- Fundamental methodology used for educational performance excellence

Program Benefits

- Practical exposure with learning experience
- Learn the right practices for energizing performance
- Work with experts and educators who knows what works and what doesn't
- Overall development for teaching excellence
- Updating oneself with contemporary practices for maximizing value

Who can Participate

- Academicians
- Research Scholars
- Industry Personnel
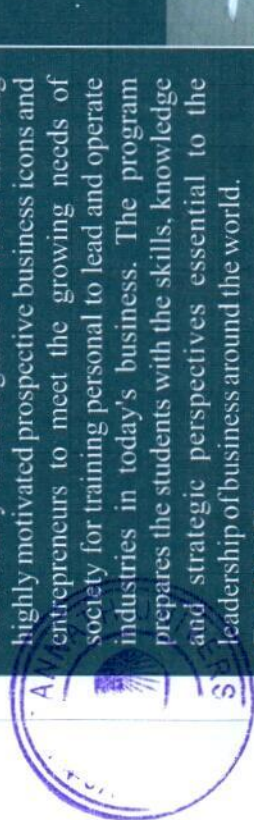

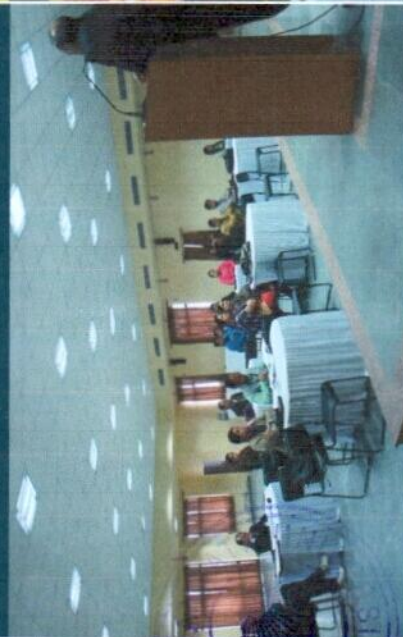

Department of Engineering & Technology

<u>Circular</u>

Date: 1ˢᵗ November 15

This is to inform that Department of Engineering & Technology is going to organize a **Workshop on** *"Software Testing, Cyber Security, .NET, AutoCAD, Catia, Erp Oracle"* on 6ᵗʰ November 2015 at Seminar Hall, A- Block Chaksu Campus from 10:30AM-12:00PM.

All faculty members of the department are requested to encourage all students to attend the event without fail. The Brochure is enclosed for your reference.

About the Speaker

Dr. Surendra Yadav

Dr. Surendra Yadav is a Professor in the Department of Computer Engineering at Career Point University Kota. His research areas are Data Mining and Knowledge Discovery, Natural Language Processing, Cloud Computing, and Big Data. He has rich experience in research publications and has attended many conference and workshops as Keynote Speaker. He has chaired the sessions in different international and national conferences.

A Report on

A Workshop on 'Software Testing, Cyber Security, .Net, AutoCAD, CATIA, Oracle'

(6th Nov 2015)

The workshop was organized by Faculty of Engineering & Technology held on 6thNov 2015. The workshop schedule was divided into four parts:

(i)   Software Quality Testing

(ii)   Cyber Security

(iii)   .NET

(iv)   AutoCAD, Catia, Erp Oracle

Purpose of the workshop

Purpose of the workshop was to enhance the knowledge of the students about the current industry requirements. The platform like .NET and Cyber security plays important role any organization whether it is software industry or any other industries.

Participants of the workshop

A total of 112 registrations were received and 91 had attended the event. The students from various programs like Diploma, Graduate and Post Graduate have participated in this workshop.

Key Note Speaker: Prof. SurendraYadav, Career Point University, Kota, Rajasthan

Workshop Contents

A. Software Quality Testing

The following topics were covered in the workshop:

- Execution process of the Software Testing
- Software Testing; an evaluation of the software after its completion.

Workshop Contents

A. Software Quality Testing

The following topics were covered in the workshop:

- Execution process of the Software Testing
- Software Testing; an evaluation of the software after its completion.
- Quality Control and Assurance

B. Cyber Security Issues

In this session following topics were covered:

- Need of Cyber Security
- Fundamentals of Networking
- Introduction to KaliLinux
- Google Hacking Database
- Concept of Spider/Crawler
- Virus, Worm, Trojan and Rootkit

C. .NET

In this session following topics were covered:

- Introduction of .NET Framework
- The Common Language Run Time and .Net Class Framework.
- Programming Structures Cover Data Types
- Reference Types
- Desktop vs Web Application in .NET

D. AutoCAD, Catia, Erp Oracle

In this session following topics were covered:

About the Speaker

Mr. Pieush Vyas

Mr. Pieush Vyas is presently working as Assistant Vice- President in the eSunScope Pvt. Ltd, Jaipur. He has an experience of more than 15 years of various academic and industrial sectors in India and overseas with an excellent track record as a Professor, Solar Power Plant Designer, Project Manager, and General Manager-Operations. He has successfully done various solar projects in India and overseas. He Has also been awarded the "Bharat Ratna Dr. Abdul Kalam Gold Medal Award" for Individual Achievement and National Development. He possess good academic background with long Industrial and academic experience with dual Master degrees from renowned Institutions of India and Abroad makes me suitable to work in a multicultural environment. He has a Sound knowledge of MATLAB, AutoCAD, and energy assessment software like HOMER Pro, RET- Screen, PV Syst, PV*SOL and about P(75), P(90) analysis of solar sites. He has a Comprehensive knowledge of the concepts and applications of Wind & Solar Energy theories and practices.Besides, he has a Knowledge of all aspects of Designing of Grid Connected solar PV.

Faculty of Engineering & Technology

A Report on

'Solar and Smart Energy Systems'

(28ᵗʰApril 2016)

The FDP was organized by Faculty of Engineering & Technology on *Solar and Smart Energy Systems* to promote the startup and Innovation culture in the university on 28ᵗʰApril 2016.

Purpose of the FDP

Solar and Smart Energy Systems involves hands-on experience on two emerging fields - Renewable energy and Electrical Energy Efficiency. In the first session, participants learn about renewable energy sources and the techniques to yield electrical energy using solar power. This includes practical exposure to solar energy production along with real-life application of charging mobile devices. The second session starts with concepts on Smart energy and other industry trends like green energy, smart building, smart grid and energy harvesting technologies.

Participants of the workshop

72 participants have attended the workshop out of 94 registrations and get benefitted in terms of current trends and research on Solar Energy Systems and its Applications.

Keynote Speaker: Mr. Piyush Vyas, Assistant Vice-President, e-Sunscope, Jaipur

Workshop Contents

This FDP is designed to give insights about antenna technology and its applications in the digital world. The program starts with the basics of antenna terminology and covers the designing of the said technology. The important topics covered in the FDP are:

- Renewable energy - An Introduction
- Solar panel – Functioning & Applications
- Smart Energy Systems – Necessity & Implementation
- Electronics
